

Gilberts Grille, Diffuser & Louvre Quick Selector

Further to requests from our customers we have produced this Quick Grille Selector in order to make your life easier and save you time.

The selections have been made to keep pressure drops and noise generated at the Air terminal Device low. All noise ratings are below NR35.

If pressure drop, noise rating or throw are critical please refer to the individual data sheets or speak to our technical sales team on 0191 461 0077.

The selections within this table are applicable to Gilberts products only and should not be used to select other manufacturers products.

Volume l/s	Spigot Dia (mm)	GECA Eggcrate	DG4A Diffuser	GHV Double Deflection	NV3 Non-Vision	WGF- 38 Louvres
0-24	100	150x150	150x150	150x150	200x200	150x150
25-54	150	200x200	150x150	150x150	200x200	200x200
55-75	200	250x250	225x225	200x200	300x200	200x200
76-100	200	250x250	225x225	200x200	300x300	250x250
101-125	225	250x250	225x225	250x250	300x300	250x250
